

# *Butterfly Valves*

**FLOW+**  
Quality Valves at Low Cost

## ABOUT US

The Flow+ product line is built around the goal of providing quality valves at competitive prices.

It's a goal that has met the needs of various oil and gas, mining, process, chemical and general industries, and the reason Flow+ remains a leader when it comes to your valve needs.

Our growing product line ranges from:

- 1, 2, and 3 piece ball valves, known as our B Series.
- Floating flanged ball valves offered in 150, 300 and 600 pressure classes, known as our Z Series.
- Trunnion ball valves, known as our T Series.
- A wide variety of butterfly valves, known as our BF Series.
- Strainers and check valves.
- Valve position monitors.

For more details, please visit [www.flowplusvalves.com](http://www.flowplusvalves.com)

\*Units of measurement in millimeters. For DIN dimensional data, please contact a Flow+ supplier.

## ADDITIONAL INFORMATION

- Available in wafer or lug body
- Consult supplier for vacuum service
- Standard dead-end service for lug style with downstream flange removed
- Compatible with ASME 125/150 flanges
- Applicable standards: API609, MSS-SP67, tested per API598, CRN, Certified NSF/ANSI 61
- Seats are field replaceable
- All valve bodies are epoxy coated
- Locking lever handle with 10 position notch plate on sizes 2" to 8" – gear operator available on request

## FEATURES

1. ISO5211 mounting flange allows for easy actuation
2. 17-4PH SS blow-out proof shafts
3. A395 ductile iron body
4. Bubble tight and bi-directional up to 285 PSI
5. Cartridge seat with phenolic backing seat provides dimensionally stable seating surface, minimal seat wear and extends seat life
6. Two molded in primary shaft seals on upper and lower seal bore I.D.
7. Three additional shaft seals
8. Two upper and one lower F4 bushing to provide additional support
9. Set screws to maintain seat alignment on dead-end service

## FEATURES

- Available in wafer or lug body
- Bubble tight and bi-directional to 250 PSI
- Consult supplier for vacuum service
- Standard dead-end service for lug style with downstream flange removed
- Compatible with ASME 125/150 flanges
- Applicable standards; API 609, MSS-SP67, tested per API-598, CRN
- Phenolic backed seat provides a dimensionally stable seat sealing surface, minimal seat wear and extends seat life
- Blow-out proof design
- All valve bodies are epoxy coated
- ISO 5211 mounting flange allowing easy actuation.
- Gear operator with hand-wheel on sizes 14" - 24"
- Actuation available to suit any requirement

# 28-48" Butterfly Valve

ANSI Class 150lb Flanged End

Parts	Materials	ASTM
Body	Cast Iron	A126 Class B
O-Ring	EPDM/BUNA	
Bushing	PTFE	
Pin	Stainless Steel	AISI 316
Shaft	Stainless Steel	AISI 316
Disc	Stainless Steel	AISI 316
Seat	EPDM/BUNA	

## FEATURES

- The U type flange body style fits between a FF or a RF flange PTFE bushing to ensure the maximum shaft support and centralized alignment
- 360° polished disc assures positive shut-off hard back cartridge seat one piece shaft, pinned and splined disc
- Universal ISO5211 mounting pad

\*Recommended SPN II piston pneumatic actuators have been sized based on 80 PSI air supply and have been tested utilizing 150 PSI line pressure (water). Rubber seated valves only, contact Flow+ supplier for more information.

\*\*All torque values on chart are in/lbs based on 150 PSI differential pressure and are for "wet" (water and other lubricating media) on-off service. For "dry" service (non-lubricating, dry gas media), multiply values by 1.5.

\*\*\* Consult Flow+ supplier.

\*\*\*\*For high or low temperature applications, consult Flow+ supplier for special seal kits.

For sizes 28" and up, please contact a Flow+ supplier.

ValvSource Equipment Limited (herein referred to as “**ValvSource**”) is pleased to advise its customers (“**Purchaser**”) of Flow+ brand products (“**Product**” or “**Products**”) that the manufacturer (“**Manufacturer**”) warrants its Products against defects in material and workmanship (“**Defects**”) for a period of eighteen (18) months from shipment or one (1) year from installation (“**Warranty Period**”).

Purchaser acknowledges that the Products are provided to the Purchaser subject only to the limited warranties provided by the manufacturer of the Products and are subject to all of the conditions, limitations and exclusions set out therein, all of which are hereby accepted by the Purchaser.

**Extent of Remedy.** Where ValvSource is advised in writing of Defects within the Warranty Period, Manufacturer will be deemed to have received notice of the defect and Manufacturer will, at its option, replace or recondition the Product without charge. Where a replacement or reconditioned Product is provided during the Warranty Period, that Product shall be subject to the same warranty for the unexpired portion of the original Warranty Period. This remedy shall constitute the exclusive remedy available to Customers for defective Products.

**Limitations.** Neither ValvSource nor Manufacturer shall be liable for any incidental, consequential or other damages, costs or economic losses, including, without limitation, any resulting from labour charges, delays, vandalism, negligence, fouling caused by foreign material, damage from adverse water conditions, chemicals, acts of God, or circumstances that are not controllable or reasonably foreseeable by either Manufacturer or ValvSource.

**Invalidation of Warranty.** The warranty exclusions include, without limitation, (I) any defects caused by faulty installation performed by Purchaser or third parties, (II) any damage caused by the contractors or tradesman of the Purchaser, (III) any damage caused by improper use or misuse, including exposure to excessive temperatures, moisture or cleaning agents and solvents and (IV) any damage caused during transportation or improper storage. All claims received by ValvSource beyond the Warranty Period are invalid and shall not be accepted.

**Disclaimer.** Except for the express written warranty contained herein, neither Manufacturer nor ValvSource makes any other warranty, condition, guarantee or indemnity, express or implied, statutory or otherwise, regarding the Products **INCLUDING WITHOUT LIMITATION, TO THE EXTENT PERMITTED BY LAW, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** All other warranties, conditions guarantees and indemnities regarding any Products are hereby disclaimed, excluded and overridden.

**Further Warranty Information.** For complete detailed terms of sale and warranty information on all products distributed by ValvSource, including brands from third party manufacturers distributed by ValvSource, please visit: <http://www.valvsource.com>. Please refer to terms and conditions section.
